

# the beauty chambers

bespoke beauty therapy

The beauty chambers are excited to announce the arrival of the Carita Cinetic lift expert.

**CINETIC™ LIFT EXPERT** treatments are tailored expert solutions dedicated to individual skin concerns, the treatments truly deliver the ultimate results in correcting, lifting and firming. THE alternative to cosmetic surgery. The world's first ever combination of micro-currents, ultrasound and LED futuristic technologies, for dramatic visible results after just 1 treatment.

**Micro-currents** – The latest micro-current technology to help correct and stimulate the skin with the use of metallic gloves allowing to work closer to the facial contours, for optimal lift and precision.

**Ultrasound** – Sound waves which produce vibrating energy of 28,000 to 32,000 vibrations per second, a technology used to gently exfoliate the skin and optimise the results of the Micro-currents.

**LED (Light Emitting Diodes)** – A source of light energy for targeted action to reactivate the youth process of the skin. Depending on skin concern, the LED can be used either solo or combined.

The facial is very relaxing and is performed using Carita's world renown lifting and rejuvenating range.

As an introductory offer, please enjoy a trial facial with a 50% discount.

**€100 per treatment (105 minutes)  
Course of five treatments over  
21 days** (recommended for  
best results) **€450.**

the first treatments of the course  
is 105 minutes and each  
treatment thereafter is 75 minutes.

One treatment per month is  
recommended thereafter for  
optimum maintenance.
